Key:	
Level of risk prior to control	Identifies the risk before any steps to reduce the risk have been taken
Risk Description:	Outlines the area of concern. This list is not exhaustive and schools should add/amend/delete where appropriate e.g. risks for pupils with complex needs.
Risk Controls:	The measures that will be taken to minimise the risk. These are generic and should be adapted for the school context. Add <additional information>

Impact:	Could be L/M/H or numeric, depending on what is used in the school setting.
Likelihood:	Could be L/M/H or numeric, depending on what is used in the school setting. NB IF IMPACT AND LIKELIHOOD ARE BOTH HIGH, THEN THE ACTIVITY SHOULD BE STOPPED UNTIL ADDITIONAL CONTROL MEASURES ARE PUT IN PLACE.
Responsible person:	The identified staff member(s) responsible for implementing the risk controls.
Date:	The date by which required plans for controls will be in place. To support planning, identify which controls need to be in place before pupils return to the setting. Individual schools can then personalise to their own setting.
Line Manager Check:	Sign off to ensure that the risk has been minimised as far as possible.

Point to note when reading the Assessment:

- Social distancing is 2 metre.
- Visors are not a substitute for masks.
- Staff Movement will be permitted between sites from 8th March, however following the risk control measures in place in this document and any local arrangements as requested.
